

BE...and SEARCH...

...a longing
or a search for BEING?

Hear the song of your soul,
...trust, you will see.

Let it grow -
Let it happen...

...in a flow
take every step.

Be cradled...
in the sea of time

...connected with you -
and everything – be aware of all.

The peace within you...SEARCH in being..
You! – to the silence - fall.
